Reel-O-Matic’s “Mobile” Reel Rack Cart is manufactured with 3” Structural Steel to withstand many years of use. Components include upright frames, crossbeams, front-frame hanging brackets, solid steel reel axles, two fixed wheels, two rotating casters with brakes, push handles (for steering) and a galvanized-steel lower shelf pan for storage.

Reel-O-Matic's standard Mobile Reel Rack Cart is 4’ high x 24” deep x 48” long with a total of six axles and twelve front-frame hanging brackets. It will hold up to 2,000 lbs of material for both sides total, if needed. Reels up to 24” diameter can be mounted on the front and back.

The Mobile Reel Rack Cart is perfect for dispersing material from reels such as: Small Gauge Wire, SJ Cord, Rubber Hose, Vinyl Hose, Metal Tubing, and other spooled products.
